**Includes:** English speaking guide, air conditioned coach, lunch, boat trip, mud bath entrance fees.

**Price:** £22

Cruise down the peaceful Dalyan Delta where the famous "African Queen" was filmed, passing the ancient rock tombs of Caunos. Its then mud bath time! An all over mud bath and a dip in the sulphur springs is a must and will make you feel (possibly look) 10 years younger!! Open buffet lunch served in the village of Dalyan is followed by a relaxing swim in fresh or salt water at spectacular sandy beach, one of the last nesting palces of the endangered Caretta Caretta turtles with their large heads and reddis brown shells that come to Iztuzu Beach to nest from May to September. They have yellowish to white undersides and can measure up to 3-4 feet in lenght... how many can you see of these very shy creatures!
