

Sea Kayaking

A fun, active and different way to get away from the crowds and explore the beautiful coastline of Turkey's Turquoise Coast. We offer a variety of trips, listed below, suitable for beginners and for people with previous paddling experience.

We start all trips with a briefing and practice session in the kayaks, to introduce you to paddling techniques and safety procedures.

A picnic lunch is provided on all one-day tours, plus transport to the start/finish point where necessary.
